CLAIMS

The following lists all pending claims as amended.

Please cancel claims 3-4 without prejudice or disclaimer subject to presentation in a divisional or continuation application.

1. (Currently Amended) A composition, comprising ~~a mixture of at least two iscom complexes, including iscom and iscom matrix complexes, each complex comprising one different saponin fraction from Quillaja Saponaria Molina~~ at least two different saponin fractions of Quillaja Saponaria Molina in separate iscom particles having immunomodulating activity, enhanced adjuvant activity and reduced toxicity.
2. (Currently Amended) A composition according to claim 1, ~~comprising a mixture of at least two iscom complexes, each complex comprising one saponin fraction from Quillaja Saponaria Molina~~ wherein the iscom particles are chosen from iscom matrix complexes and iscom complexes.
- 3-4. Cancelled.
5. (Previously Presented) A kit, comprising at least two parts, wherein each part comprises one iscom complex particle or one iscom matrix complex particle, wherein each iscom complex particle includes a saponin fraction from *Quillaja Saponaria Molina*, and wherein the fraction may be a different one in different complex particles.
- 6-9. Cancelled.

10. (Currently Amended) A composition according to claim 1, wherein the at least two different saponin fraction fractions are selected from *Quillaja Saponaria* Molina is fraction A of *Quillaja Saponaria*, fraction B of *Quillaja Saponaria*, fraction C of *Quillaja Saponaria* Molina, Q VAC, or and Quil 1-21.
11. (Previously presented) A composition according to claim 1, wherein the saponin fraction from *Quillaja Saponaria* Molina is fraction A of *Quillaja Saponaria* Molina, fraction B of *Quillaja Saponaria* Molina, or fraction C of *Quillaja Saponaria* Molina.
12. (Previously presented) A composition according to claim 1, wherein the portion of the mixture comprising the saponin fraction comprises from 50% to 70% by weight of fraction A of *Quillaja Saponaria* Molina and from 30% to 50% by weight of fraction C of *Quillaja Saponaria* Molina.
13. (Previously presented) A composition according to claim 1, wherein the saponin fraction of the iscom composition comprises from 30% to 50% by weight of fraction A of *Quillaja Saponaria* Molina and from 50% to 70% by weight of fraction C of *Quillaja Saponaria* Molina.
14. (Previously presented) A composition according to claim 1, wherein the saponin fraction from *Quillaja Saponaria* Molina is one of Quil 1-21.
